

New at Needs

Community Caring and Sharing Board

Take time to share something you may be good at or have extra of or are willing to give to help others! OR... share a need you have and pray someone else may be able to help you! This new area of Needs Ministry is located on a white board by our entrance and we encourage our guests to stop by and share because they care!

Prayer Requests

We believe in prayer and many times all volunteers are busy and not available to meet with everyone. There will be a container to put prayer requests in on the round table near registration. Please take time to share your needs with us and we will keep them confidential as our team prays for you!

Children's clothing

Because kids clothing is always in short supply while in high demand, we request that you limit the clothing you take to items that will be used by YOUR household. We also request that you return clothing that no longer fit your children. If we are good stewards of the clothing, we will be able to provide for more families.

Thank you
